CITY OF NASHUA, N. H., FEB. 20, 1868.

THE undersigned, the Committee on Finance of the City Council of said city, certify that, in accordance with the provisions of an ordinance of said city, we have this day examined the foregoing account of G. H. Taggard, City Treasurer, and find the same to be correctly cast, and each payment properly vouched by a Treasury Order for the same corresponding in amount with the vouchers in the hands of the City Clerk.

We have also examined the sources from which the income of the past year has been derived, and are satisfied that he has charged himself with the whole amount paid into the Treasury.

We find that the total receipts into the Treasury during the past year, including seven thousand three hundred forty-eight dollars and sixty-six

In account with the City of Nashua. Cr.

| | |
|----------------------------------|-----------|
| By cash paid on Treasury Orders | |
| from Feb. 21, 1867, to Feb. 20, | |
| 1868, | 98,193 89 |
| By balance carried to new acc't. | 7,308 08 |

—————\$105,501 97

cents (\$7,348 66) on hand at the commencement, have been one hundred five thousand five hundred one dollars and ninety-seven cents (\$105,501 97.)

The total payments during the same time have been ninety-eight thousand one hundred ninety-three dollars and eighty-nine cents (98,193 89), leaving balance in the Treasury this day, seven thousand three hundred eight dollars and eight cents (7,308 08) which has been shown and counted.

THOMAS G. BANKS, *City Marshal.*

REPORT OF THE BOARD OF HEALTH.

CITY OF NASHUA, Feb. 29, 1868.

To the Honorable Board of Mayor and Aldermen :

The Health Officers of the City of Nashua herewith respectfully submit their Annual Report for the current year.

At the commencement of the year the same orders, substantially, were issued as in the preceding year, and the same general plan of examination of the City, relative to its sanitary condition, was adopted. After a first examination by the Board, the City was divided into three districts, and each Officer took special charge of his allotted portion. There was much less ready compliance with the orders and suggestions from the Board, on account of less apprehension of Cholera, than in the previous year, but a reasonable compliance was obtained ; and it should be remembered, that a good sanitary condition of the City is as much a public benefit in warding off or mitigating the common diseases that usually prevail, as it is in guarding against the more malignant and less frequent diseases. There was but one case of Cholera that came to the knowledge of the Board, and that, though severe, terminated in recovery.

If the Physicians of the City were required to report to the Board of Health all cases of malignant, contagious disease, and also all malignant or severe epidemics, and their localities, with such suggestions as their learning would enable them to give, it would greatly aid the Board in searching out and removing the causes of those diseases. The rigid rules in relation to small pox have been continued, and but one case of varioloid has been known to exist in the city for the past year, and it will be seen that that much dreaded disease, under proper regulations and management, will be shorn of its terrors.

The Board recommend a continued vigilant and efficient action.

Respectfully submitted,

| | | |

Report of Chief Engineer of Fire Department.

TO THE HONORABLE MAYOR AND ALDERMEN :

GENTLEMEN—In compliance with the requirements of the City Ordinances, Sect. 4, relating to the Fire Department, I herewith respectfully submit to your honorable body my Ninth Annual Report of the condition and affairs of the Nashua Fire Department for the year ending Feb. 1, 1868, embracing a detailed statement of the forces and expenditures, a list of fires and alarms, with the loss and insurance so far as could be ascertained ; a roll of the members, their ages, occupations and residences, together with suggestions relative to its wants.

This Department, as at present organized, consists of one Steam Fire Engine, two Suction Hand Engines, one Hook & Ladder carriage and two Hydrant Co.'s, with three carriages each. Each Engine has one hose carriage with the various equipments and appurtenances.

The number of Members to which the Department is entitled by the ordinances of the City is 173, exclusive of the Board of Engineers, divided as follows : Torrent Steam Engine Co., 14 men ; Protector Engine Co., 41 men ; Niagara Engine Co., 41 men ; Hook & Ladder Co., 41 men ; Nashua Hydrant Co., 18 men ; Pennichuck Hydrant Co., 18 men.

During the past year the Steam Fire Engine has been purchased ; one Hand Engine Co. has been disbanded and the Engine sold. We have 700 feet of Steamer hose, therefore can generally form but one line of hose at a fire, while the Engine is capable of throwing three streams. Hence, we labor under great disadvantages from the want of Steamer hose. The hose used by the Hydrant Co.'s is a smaller one and not safe to use on the Steamer, as in being old it will answer for Hydrants only. I would recommend at once the purchase of two thousand feet of Steamer hose. Property saved at a single fire might more than pay for the hose needed. For these reasons we cannot use the full capacity of the Steamer. I would also recommend, at an early day, the purchase of another Steamer and disband the Hand Engine Co.'s, selling one of the Engines and keeping the other as a Relief Engine, in case one of the Steamers should be disabled. Also to reduce the number of men in Hook & Ladder Co. from 41 to 25, and have but one Hydrant Co. with hose for the Hydrants. The other Hydrant Co. to carry and furnish hose for the Steamers. Also to reduce the number of men from 18 to 12 for hose Co.'s to Steamers. This will reduce the number of men from 173 now allowed, to 91.

The machines and apparatus belonging to the City and in use for the extinguishment of fires, are in good order, except that some of the hose used by the Hydrant Co.'s is poor and fit only for them. We shall not at present require more small hose if we have a further supply of Steamer hose.

The loss by fire during the past year has been less than that of the year previous ; but the number of fires has been more. The Department has been called out twenty times ; eight alarms and twelve fires. It is very desirable that the City should become in possession of the Saunders property in rear of City Hall, that the horses for the steamer may be kept near the Engine ; Also that the Steamer hose, when more is purchased, be kept with the Steamers.

The expenses of the Fire Department will compare favorably with those of other years, although the last year's amount is increased by the purchase of the Steam Fire Engine.

There should be several more Reservoirs built in different parts of the City, as there are at present many exposed places inaccessible with water. The whole amount of expenditures for the municipal year ending Feb. 1st, 1868 is \$13,867.65 which amount is made up as follows viz :

| | |
|---|-------------|
| Amount paid Firemen and general repairs, | \$4,820.87 |
| Pennichuck Water Works, | 2,044.00 |
| Amoskeag Machine Shop & Co. for Steamer &c., | 4,475.00 |
| For Steamer Horses, | 9,50.00 |
| “ “ Harnesses, | 115.25 |
| “ Rubber Coats and Overalls, | 182.43 |
| Huneman & Co., | 159.00 |
| For Steamer Hose, | 1,121.10 |
| | <hr/> |
| | \$13,867.65 |

In closing my report I wish again to call your attention in particular to the want of a good and continuous supply of leading hose, as by having it much valuable property may be saved.

I take pleasure in complimenting the Department upon their uniformly good conduct during the past year, and in congratulating them that no accidents have occurred.

ISAAC EATON, *Chief Engineer.*

FIRES AND ALARMS FROM FEB. 20, 1867, TO FEB. 20, 1868.

| | |
|----------------|--|
| Feb. 23, 1867, | at 12 o'clock, P. M., Fuller's Building, Wright's Saloon. |

LOCATION OF RESERVOIRS.

- No. 1, Abbott Square, between Amherst and Concord streets.
 No. 2, Tyler Square, between Lock and Orange streets.
 No. 3, at crossing of Cross and Central streets.

- No. 4, Bridge street, North side of school district lot.
 No. 5, Crossing Main and Pearl streets.
 No. 6, Near Henry Holt's Factory.
 No. 7, Temple St., near J. A. Spalding's house, cor. Main & Temple Sts.

LOCATION OF HYDRANTS.

In front of late Ziba Gay's house, 34 feet 6 in. from mark on house.
 In sidewalk north side of Bridge, 21 feet from Wilton R. R. Track.
 In sidewalk, Pearsons' Avenue, N. E. corner E. P. Emerson's house.
 In sidewalk, corner Park and Main streets.
 In front City Hall in sidewalk.
 In front Main St. M. E. Church, 12 feet from mark on curb stone.
 In front Pearl St. Church, 20 ft. from Ash tree & 30 from cor. iron fence.
 In front of General Hunt's house, East side of street.
 Near Worcester & Nashua R. R. Crossing, 4 feet North of track.
 Head of Prospect street, Main street.
 Head of Tyler street, Main street.
 Near Indian Head House, 11 feet from lamp post.
 Between East and West Concord streets, near General Stark's fence.
 Opposite N. & L. Freight Depot.
 Canal street, opposite Cross street, in sidewalk.
 Canal street, opposite Bullard's Building, in sidewalk.
 Two nearly opposite No. 1 Boarding House, in sidewalk of J. Corporation
 Franklin street, 10 1-2 feet from Joel Carter's front gate to house.
 Rear John Webster's house, West Concord street.
 Franklin street, opposite J. B. Chapman's house.

FACTORY STREET—Opposite Mechanic St.; Near Hunt's Building, in sidewalk; In sidewalk, nearly opposite French's Store; Near East Gate, Nashua Manufacturing Co.'s Yard, in Yard.

WATER STREET—Near foot Mechanic St., 4 feet from mark on stone post; Opposite Eaton & Ayer's Foundries, 17 feet from mark on building; Opposite lower building, 10 feet from mark on building; Near Eaton & Ayer's Counting Room, 12 feet from mark on building.

CHESTNUT STREET—Opposite Mrs. Cook's house; Opposite Mrs. Wilkins' house; South side R. R. Track;

IN OTHER PLACES—Between C. P. Gage's house and M. W. Merrill's house; Opposite head Cottage Avenue; In Nashua Iron Foundry's yard few feet from engine room; Opposite Nashua Iron Foundry's Gate; Near elm tree, Armory St.; Junction of Temple and Pearl Sts., opp. South St.; Near Q. A. Tirrell's house, Temple St.; Opposite C. B. Hill's house, Temple St.; Opposite C. H. Nutt's house, Temple St.; Cor. Mason and Pearl Sts., near M. Sterrett's house; In Warner & Whitney's Yard, in sidewalk; Two opposite Nashua Iron Co.'s building, 4 1-2 feet from mark on fence; Opp. vacant lot near Burke's Bakery building; Opp. Warner & Whitney's Counting house, 10 feet from mark on fence; On high street, near the Houston well (so called); On West Pearl street; Head South Elm street opp. School house, 31 feet from mark on school house; Crossing on Walnut street, 4 feet from stone and 18 feet from lamp post; Crossing of Pine St., 26 feet from Elm St., and on Kimball's corner, 19 1-2 feet from stone post in Mr. Blunt's fence; Crossing at Ash St., 25 feet from corner Tandy's house; Crossing at Chestnut and Pearl Sts; Corner Mulbary and Elm Sts.; Kinsley St., near head of Vine St.; Hollis street, near lower end of Forge Shop; Hollis St., junction of Kinsley St.; Near Rolling Mill of Nashua Iron Co.
